W. C. Martyn's note to W. L. G. of Nov. 7/59. was before the Board, Dec. 9th – and Mr. May directed to reply. The following is an extract from the reply:

---

21 Cornhill Boston Dec. 10/59.

[Proposed to him.]

"1. To obtain subscribers to the Antisl: Standard, and other A. S. newspapers. Also, Contributions to Tract Publication Fund.

2. To circulate the Petitions issued by the Society.

3. As opportunity might offer, while attending to the above, give an occasional lecture."

Offered 50 per cent. commission on all receipts

from new subscribers obtained to Standard, for the year, or any part of it. $2. per annum being the price, $1. to be retained,

For Liberator, offered ~~Fifty~~ Seventy Five cts. for every new subscriber, paid in advance one year. ($2.50 per annum)

"The Board would wish you to make lecturing, for the present, entirely secondary to the other two objects. x x x One lecture a week x x x would be quite as much as you would probably feel inclined for, after closely following up the other business."

"We hope your communications would afford you a moderate remuneration

for your services. But if otherwise, we should feel bound to save you from loss, and afford you some little compensation, such as our treasury allows."

MS. B. 1.16 v. 13, p. 79
